## The Junior League of the Oranges and Short Hills Thanksgiving Basket Program

*Junior League of the Oranges and Short Hills*

Together with its community partners, including Saint Barnabas Medical Center/RWJBarnabas Health, Kings Food Markets, Dun & Bradstreet, local businesses, area schools, and individual donors, JLOSH exceeded its original goal of fulfilling 300 baskets and donated 420 complete Thanksgiving meals for distribution to identified families. This is a basket donation record for the League!

JLOSH's annual Thanksgiving Basket Program aims to provide a healthy and wholesome holiday meal to families facing food insecurity by supporting those with children on the Free or Reduced Lunch Program in Orange Public Schools. Through our collective efforts, 420 families received these baskets this Thanksgiving, helping to feed more than 2,500 individuals.

“What the Junior League brings to the Orange community, especially this time of year, is a true blessing. The parents are just overwhelmed with the generosity. It's really special to be able to provide these nutritious meals to the students and to bring this to these households. I'm speechless at times to be part of this ongoing partnership.” - Tyrone Dorsey, Manager of Food Services, Orange School District

Each basket included a whole frozen turkey, roasting tin, stuffing, mashed potatoes, yams, two vegetables, cranberry sauce, gravy, and dessert. The JLOSH Thanksgiving "trimmings" collection brought in over 3,800 packaged and canned good items. In turn, JLOSH also donated 18 boxes of additional items collected to the St. Joseph's Church Food Pantry in Maplewood, New Jersey, a member of the MEND interfaith network of food pantries. Through the JLOSH basket collection efforts, Saint Barnabas/RWJ Barnabas Health also donated over 450 additional food items that were collected to the Orange School District Family Pack Program, which provides supplemental, nutritious food to children and their families.

**Pictured: "Turkey baskets" being unloaded with the help of the NJROTC cadets. Also pictured is Mr. Barry Devone, community engagement officer (left), Mrs. Shebra Jones Dismuke, district talent officer and Mr. Adkunle O. James, business administrator and board secretary (right).**

JLOSH is thrilled to help so many in one of our neighboring communities this holiday season. Addressing childhood hunger is a primary focus within JLOSH's mission of serving children in its service area. We thank our many partners who recognize this need in our communities and support our efforts to reduce the dramatic effects many children experience when they do not have enough to eat.

JLOSH would like to thank the many Friends of JLOSH for generous donations and its 2018 Basket Community Partners for making this year's program possible! A special thank you to Kings Food Markets for providing 300 turkeys and to Saint Barnabas Medical Center/RWJBarnabas Health for providing 106 turkeys, along with securing desserts for each basket and driving for trimming items among its employees. A special thank you to Maplecree Moves Charities for providing its van to help transport turkeys. In total, 430 frozen turkeys were donated, providing just over 6,000 servings! Along with the complete baskets, this translates to over 6,500 pounds of food items hauled.

**Pictured: JLOSH and St. Barnabas representatives, NJROTC cadets and district administrators.**

We are very appreciative of Dun & Bradstreet who provided critical support by donating nearly 275 meal items for our Thanksgiving Baskets. We also thank ShopRite, barre3 Livingston, Newcomers & Neighbors of Short Hills & Millburn, Livingston Bagel, Supreme Bakery, The Wright Group NY, Moms Helping Moms Foundation, Sodexo, Alpine Montessori School of Millburn, Christ Church Nursery School, SS Nicholas, Constantine & Helen Greek School, Jefferson Elementary School, Kent Place School Girl Scout Troop 45650, Marshall Elementary School, Millburn Township Elementary and High Schools, and Friends of JLOSH for their individual and tremendous support and donations this year.

Through these efforts and partnerships, JLOSH and its partners donated approximately \$12,600 worth of food to the Orange School District this Thanksgiving. JLOSH thanks you for your extremely generous support! Wishing you and yours a happy holiday season!

## FilmBoot24 Screening and Grand Prize Winner

On November 18, Orange High School students, working in five teams mentored by filmmaking professionals and college students, had their films screened at the FilmBoot24 Red Carpet Event.

The students were part of the FilmBoot24, a weekend filmmaking boot camp that was to have kicked off on Friday, November 16, at Drew University. The kick-off was delayed until Saturday due to weather, further compressing the time for creating a film in 24-hours. Each film had a theme drawn at random that was tied to students' curriculum and each team had to use a Pick-a-Word Puzzle in some way in their film. On Sunday morning each team's film was presented to professional judges for review and determination of the Grand Jury Prize winner. On Sunday afternoon, the doors at Orange Preparatory Academy opened for a "Red Carpet" event where all films were premiered at a free public screening and award are presentation.

Officiating the event were Kate Milburn and Richard Stephen Bell, co-founders of Cinema Ed. They were assisted by Dr. Terri Russo, Orange's director of curriculum and instruction. Present at the event, along with family and friends, were the Supervisor of Career and Technical Education Jahmel Drakeford, Board of Education President E. Lydell Carter, the Honorable Mayor of Orange Township Dwayne D. Warren, Esq., district staff, district administrators, film industry mentors, along with participants from the Center for Civic Engagement at Drew University and ValleyArts.

### **GRAND JURY PRIZE FILM:**

#### **Where Are They Now?**

**Team:** Abigail Zealey Bess – Mentor Kadin Cook, Xyon Lucas, Alison O'Brien and Bri Rooks

**Theme:** Taking a Stand - what is worth fighting for?

### **RUNNER-UP FILM:**

#### **What Had Happened Was**

**Team:** Eric Richardson-Hagans - Mentor Barry Caldwell, Cynthia Charles, Heather DuPont and Rebecca Filetti-Andujo

**Theme:** Health - Can you have it and lose it? Can you gain it back? Put Health in your story!

### **FINALIST FILM: Lucid**

**Team:** Ash S. Patel - Mentor Arya Bondre, Nina-Simone Crawford, Nia Hargrove and Andrew Palladino

**Theme:** Taking a Stand - what is worth fighting for?

The Grand Jury Prize Film received a trophy (pictured left) along with the Runner-Up Film (pictured below). Each

team received certificates for their work and participation.

There was a reception following the screening and awards presentation and time for photo-ops on the red carpet.

Films can be viewed by following the links on the film titles on the right or by visiting: <http://www.cinemaed.org/november-2018-filmboot24-films>.

The winning films will be shown at the December Board of Education meeting, at the request of Board President Carter. He was impressed with the caliber of work produced by the students.

**FINALIST FILM: All Who Wander**

**Team:** Paul J. Williams – Mentor Tessa Bagby, Cyndina Charles, Maya Rector and David Sommerville

**Theme:** What are the stories behind art? Make a film with art at its core.

**FINALIST FILM: What is Art?**

**Team:** Pamm Malveaux - Mentor Shamar Anderson, Dafne Eksioglu, Holly Hoyt and Brianna Perpignon

**Theme:** What are the stories behind art? Make a film with art at its core.

**Pictured: Finalist teams at the November FilmBoot24 Red Carpet Event.**

**Pictured: Guests, official and students at the November FilmBoot24 Red Carpet Event.**

## 2nd Lunch and Learn for the 2018-2019 School Year

*Submitted by Ms. Devonii Reid, Assistant Principal, STEM Academy*

On November 21, Mr. Tom McLeod, founder and CEO of Omni; the on-demand personal storage concierge based in San Francisco, visited students in Grade 10 at the STEM Innovation Academy of the Oranges for the school's second Lunch and Learn event for the school year.

Mr. McLeod was straightforward and entertaining citing the chronology of his entrepreneurial ventures from grade school to the present. With over 10 years of experience growing innovative companies, he previously co-founded Pagelime, a SaaS CMS used by over 30,000 designers worldwide, and the mobile app lab Imaginary Feet, launching and marketing 15+ apps to over 10 million users. With a degree in audio engineering from American University, Tom's first venture was the "successful-'til-it-wasn't" recording studio Heavy Syndication, which quickly transitioned to become a web design firm with the changing music industry. Having recorded over 500 songs, he still consults on the occasional music project.

The students asked well thought out questions about his current venture, its operations, customer service and satisfaction with storage, care and insurance. They got a kick out of the fact that Drake and a list of other music artists have invested in his company.

**Pictured: Scenes from STEM Academy's Lunch and Learn with Tom McLeod.**

## Rosa Parks Community School Skypes with Molly the Fire Safety Dog!

*Submitted by Tyrina Vaughan, Technology Coordinator, Rosa Parks Community School*

In Mr. St. Fort's third grade social studies class, students participated in a Skype program called Sparkles' Fire Safety Skype Tour. The fire safety dogs and the Keep Kids Fire Safe® Foundation teach children important fire safety lessons through "Skyping." This interactive Skype activity taught students important fire safety lessons and skills. They also featured the fire safety dogs and Molly the mascot, sing-alongs, the reading of a fire safety book and the opportunity for children to become Junior Firefighters. The students had lots of great questions and enjoyed the live interaction.

**Pictured: Scenes from Sparkles' Fire Safety Skype Tour at Rosa Parks Community School.**

## STEM Innovation Academy of the Oranges Win at Blacks on Wall Street STEM Competition

*Submitted by Dr. Erica Stewart, Principal, STEM Innovation Academy of the Oranges*

On November 20 a team of students from STEM Academy participated in the Blacks on Wall Street STEM Competition at the new STEM facility at CUNY. Their presentation included a slide show, oral presentation, and model apparatus. Judges included executives from technology companies, biomedical researchers, and a NY state assemblyman. The team gave an impressive demonstration and held up under the pressure of the panel's inquiry into their design, findings, and next steps.

Ishmael Ituarte-Perez, Brevanna Stephen, Jevonnie Voltaire, Bryant Leeks, and instructor Mr. Donald Jones (*pictured right*) are to be commended for their efforts. They competed against teams from the tri-state area and two teams from Boston, MA. They brought home a beautiful plaque and a \$300 cash prize.

**Pictured: STEM Innovation Academy second place winners in the Blacks on Wall Street STEM Competition.**

## NJIT-TAP Banquet

*Submitted by Shafeek Mohammed, STEM Supervisor K-12*

Fifteen students from Orange Preparatory Academy, Orange High School and the STEM Academy (*pictured right*) presented their solutions, along with students from Union City, to assigned business problems at the Technology Awareness Program banquet on November 28 at the NJIT Student Center Ballroom.

The Technology Awareness Program (TAP) is a joint effort between NJIT and Johnson & Johnson. The program is dedicated to exposing pre-college students to Information Technology and Research & Development through hands-on experience.

Students and parents were welcomed by software engineer Ryan Campanella and addressed by the VP of the Johnson & Johnson Supply Chain, Arun Kumar Bhaskara-Baba. The first, second and third place projects and winners are as follows:

**1<sup>st</sup> Place: M. Alexandre, E. Jean-Paul, Project: Affordable healthcare for providers.**

**2<sup>nd</sup> Place: N. Jenkins-Brooks, O. Okafor, Project: Using technology to improve marketing.**

**3<sup>rd</sup> Place: N. Desormes, L. Jean-Baptiste, (Jaheim Azeez – absent), Project: Increasing workplace productivity through stress releasers.**

Other projects that were presented included:

- Portable doctor- C. Gomez, J. Best and E. Urena designed a mobile app that could be accessed to obtain medical support and through which doctors would have access to patient records.
- Mobile app development- J, Lunis, P. Senat, C. Severin and J. Jackson developed a computerized inventory system to allow pharmaceutical orders to be tracked and delivered on time.

## Orange Township Tree Lighting

The City of Orange Township’s Annual Tree Lighting event took place on November 28 at the Orange Public Library. There were performances from city staff, senior citizens and the Orange Public Schools.

**Pictured: Scenes from the Annual Tree Lighting Ceremony.**

The City’s Tree Lighting Ceremony was truly special, said Supervisor of Visual and Performing Arts Donna Sinisgalli. “It was nice to see the symphonic band performing for the community along with the Orange Pop Singers and the Dance Conservatory. The audience truly enjoyed the show and I heard so many complimentary remarks from the community about the students’ performances.” The students enjoyed themselves, drinking hot chocolate, eating donuts and performing with each other.

**Pictured: Scenes from the Annual Tree Lighting Ceremony.**

## FYI

### The First Annual District Parent Conference

The First Annual District Parent Conference will be held on Saturday, December 1, 2018, at Lincoln Avenue School, from 10:00 a.m. – 2:00 p.m. There will be an overview of the district's Social Emotional Health Initiative, student activities, a trailer of the OHS Play "Musical Comedy Murders," free raffles and classroom presentations including the following:

## GUIDELINES

- You must be an Orange resident.
- You must be registered with a signed parent permission slip
- All registrants will register into our scheduled enrichment programs
- Sign-up is required for all trips on a first come, first serve basis with flexibility, allowing all participants an equal opportunity.
- High School students will use their student photo ID, which must be shown before participating in any activity. The City will issue IDs to 7th graders.
- Proper attire is a must — no hats on in the building, no shoes or boots on the gym floor. Pants must be pulled up.
- Anyone involved in fighting, horse play, improper conduct, wrestling, or using profanity will be asked to leave and may be subjected to suspension.

Applications for the Orange Extended School Day Program can be downloaded from the City of Orange Township website: [www.ci.orange.nj.us](http://www.ci.orange.nj.us) or picked-up at your schools' main office, the Orange Public Library or at the City of Orange Township Division of Recreation

Providing after school educational, cultural and recreational opportunities for Orange students for growth and development  
 For Grades 7 - 12

Program Dates:  
 November 12, 2018 - April 19, 2019  
 6:00pm - 8:30pm

**The Orange Extended School Day Program** is a collaborative effort between the City of Orange Division of Recreation and The City of Orange Board of Education. The program's mission is to provide our students, grades 7 through 12 with an after-school program that extends their day of learning, providing an opportunity to participate in non-traditional educational, recreational, culturally enriched and personal development activities.

We encourage each student to take part in the program — not only as a participant, but more importantly as a leader of the program. Ultimately, we would like to see the students become the facilitators of the program.

## The Orange Extended School Day Program

Providing after school educational, cultural and recreational opportunities in a secure environment for Orange students for growth and development

### PERSONAL DEVELOPMENT ACTIVITIES

- Chess
- Dance/Drama
