Orange Board of Education Announces the Selection of Dr. Gerald Fitzhugh, II as Superintendent of Schools

The Orange Board of Education is pleased to announce that Dr. Gerald Fitzhugh, II has been selected as the new Superintendent of Schools effective July 1, 2019. Dr. Fitzhugh’s selection is the result of a national search conducted with the assistance of the New Jersey School Boards Association that produced over 48 qualified applicants with substantial professional experience. His selection was approved at the May 12 board meeting, as acknowledged by Board of Education President E. Lydell Carter, “On behalf of the Orange Board of Education, it gives me great pleasure to announce the appointment of Dr. Gerald Fitzhugh, II as the new Superintendent of the Orange School District. Dr. Fitzhugh joins our school district after 19 years as an accomplished leader in the education sector with exemplary experience in administration, personnel, instruction, professional development, and financial management.”

During his tenure as an educator, Dr. Fitzhugh, has excelled in teaching, leading and supervising on the elementary, middle and high school levels and comes to us after serving as Deputy Superintendent of the Newark Public Schools, the largest school district in New Jersey. "I hope you all join me in welcoming our next district administrative and instructional leader who lives by the philosophy that, 'leaders allow for collaboration from staff and community members in order to have a variety of ideas that could strengthen the mission and vision of the school district,' " stated Mr. Carter.

A graduate of Rutgers University, Dr. Fitzhugh, began his teaching career as a fourth and fifth-grade teacher at the Dr. William H. Horton Elementary School in Newark. He earned his Masters of Arts in Educational Leadership and Administration from New Jersey City University in 2004 and in 2005 he became the vice principal at Horton Elementary School. In 2010, he was appointed the principal of the Chancellor Avenue/Annex Elementary School in Newark. In 2012, he joined the Hoboken School District as principal of the Connors Elementary School and soon thereafter in 2016, he became the Assistant Superintendent of Schools. Dr. Fitzhugh returned to the Newark Public Schools in 2018 as Deputy Superintendent. Dr. Fitzhugh recently completed his doctoral studies at Seton Hall University.

Dr. Fitzhugh will replace Interim Superintendent of Schools Ronald C. Lee, who retired from the Orange Public School District in 2016 and served in the capacity of interim superintendent for the past two years.

Showcasing Students at the 3rd Annual GT Expo!

Submitted by Karen Machuca, Principal of Scholars Academy

Despite flash flood warnings and tornado-like weather, students and their families of the Gifted and Talented program braved the Mother Nature to attend the district's 3rd Annual GT Expo on Thursday, May 30, 2019. Students showcased to their families what they have been working on while attending the Scholars Academy GT program since September. There were numerous activities in the Science, Math, and STEAM rooms as students eagerly demonstrated to their families the 4C's of 21st Skills in their educational journey this year: Communication, Collaboration, Creativity, and Critical Thinking. For example, in Mrs. White's math class, parents had the opportunity to "You Can Do the Cube" challenge and add to the Rubik's cube mosaics. In Mrs. Dormann's Science class, students showcased their creative creations such as Bird Beaks and use the Z-Space computers! In Mrs. Nadbielny's STEAM class, parents had the opportunity to see their children's programming and coding skills in action while engaging with Osmos and Dash and Dot Robots! Applications and information were also available to parents about New Jersey's Association for Gifted Children.

2nd Annual "Meet and Greet" at Oakwood Avenue Community School

Submitted by Dr. Rose Morrisroe, Teacher/Education Coordinator, OACS

On May 28, Principal Denise White and Dr. Rose Morrisroe, coordinator, celebrated their 2nd annual "Meet and Greet" with Oakwood Avenue Community School (OACS), the Orange Police Department, and Mayor Warren.

Students learned the job responsibilities of 8 ranking law enforcement officers: Detectives, Community, Patrol, Evidence, Traffic, SWAT, PAL, and Records Bureau.

Students, OACS Staff, Mayor Warren, and the OPD law enforcement officers engaged in fun activities on safety, job duties, and best practices.

This was a great way to build positive community relations with students, the Mayor, and the Orange Police Department.

Lincoln Avenue Garden Grand Opening

Contributed by Faye Coward, Kindergarten Teacher, Lincoln Avenue School

On June 3, Lincoln Avenue School had a grand opening for its garden, made possible through a grant from the Whole Kids Foundation. Ms. Genora Jenkins is the teacher who applied for the grant from "Whole Kids" and she was the leader in this amazing project. Without her strong commitment to Lincoln Avenue School, this would not be possible. The opening was attended by the Honorable Mayor Dwayne D. Warren, Esq., Orange Fire Department (OFD) Director Kenneth M. Douglas and members of the OFD, other district staff and administrators, parents and community members.

The space, located near the Jackson Street entrance to the school was transformed into a vibrant hands-on outdoor classroom that will connect the students with food, inspire their curiosity, and encourage them to make healthier choices for meals and snacks. Students enjoyed the space and the flowers and will soon sample some of the vegetables that are being grown in the beds.

Pictured: Scenes shared by Ms. Coward of Lincoln Avenue School's garden with Mayor Warren, Assistant Principals Isabel Colon and Patrick Yearwood, members of the OFD, students and staff.

Sixth grader, Lorenzo Wong, exemplified hard work and dedication for this very special garden project. He was always the first to show up in the morning to assist Ms. Jenkins. Lorenzo is pictured left with Mayor Dwayne Warren, Esq., and Ms. Jenkins and shown watering plants. The Lincoln

Avenue School community is very proud of his efforts with the garden project!

For her determination in making the garden a reality, Ms. Jenkins was presented with a plaque, acknowledging her hard work and dedication. Thanks to her, Lincoln Avenue School has a new place for students, staff and family to enjoy. Come see for yourself!

Over the past eight years, Whole Kids Foundation has awarded funding for more than 5,400 gardens, investing \$10.8 million and benefiting 3.4 million students.
