

Hello everyone!

My name is Ms. Toscano. I will be your 6th/7th grade ELA teacher. This is my fifth year at Heywood Avenue School. I am excited to learn with you!

Why ELA?

In this class, it is a part of my goal to show each student that ELA touches upon many different disciplines.

Each student has different dreams and aspirations-- some will grow up to be scientists, politicians, construction workers, lawyers, teachers, or accountants!

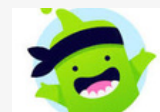

It is my hope that after being in my class, you see that English language arts touches all facets of our lives and imparts you with skills you will use the rest of your life.

Education

I completed my Bachelor's Degrees of Elementary Education and English at Kean University. I can't wait to share my love of education with my students!
