This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There is a vertical margin line on the left side, creating a narrow left margin. The paper appears to be from a notebook or a standard ruled document.

**Question:** Write down one question you have based on what you read. Be sure to use text evidence to explain why you had that question.

Sample Response for Infer: One inference I made on page 2 is that the Potter family is abnormal or different. On page 2, the narrator states, “Mrs. Potter was Mrs. Dursely’s sister, but they hadn’t met for several years. In fact, Mrs. Dursley pretended she didn’t have a sister because her sister and her good- for-nothing husband were as unDursleyish as it were possible to be.” This made me believe that the Potters were abnormal or different because the Dursley’s view themselves as normal as could be. If the Potter’s are “unDurselyish” it means they are the opposite of normal.

Sample Response for Prediction: One prediction I made while reading was that the Potters are going to enter and disrupt the Dursely’s lives. I predicted this because on page 4 Mr. Dursley overheard someone discussing the Potter family. This makes me think they will come back into their lives because before today no one had mentioned the Potters because the Dursleys kept their relationship with them a secret.
