- ✓ **Orange Board of Education Monthly Meeting, Tuesday, April 19, 7:30 p.m. at Orange Preparatory Academy (OPA)**

Oakwood Avenue Community School Launches the "OACS" Mobile App

Submitted by Mr. Robert Pettit, Principal, Oakwood Avenue Community School

(Available for **FREE** Download on your iPhone, Windows & Android Device)

Oakwood Avenue Community School (OACS) is pleased to announce the official release of the "OACS" mobile app. This initiative has been years in the making, and the day is finally here.

The movement to create the app was started by the school's principal, Mr. Robert Pettit. He wanted to find an easy way for parents and the community to be kept up-to-date on what was going on in the school, as well the availability of resources to support students, parents, and families.

He realized that not everyone had a computer and/or internet access at home, and those who did were not spending time viewing the school's website; but everyone did have a mobile device with internet access. He wanted to provide the entire school community with easy access to the same information as the school's website, and thus the idea was born.

"This is just the beginning," said Mr. Pettit. "It's innovation like this that solidifies Oakwood Avenue Community School as the *Little School Doing BIG THINGS!* Stay with us and watch us grow!"

The "OACS" mobile includes the following:

About Us -

(School Overview)

- Mission/Vision
- After School Programs
- Clubs
- The Community Room
- The Health Clinic

The Parent Portal

- Access Overall Student Grades
- Assignments/Grades
- Upcoming/Missing or Incomplete Assignments

School News -

(Same Articles as the District's Email Blast)

Report Bullying

- Completed form is sent directly to our School's Bullying Specialist.

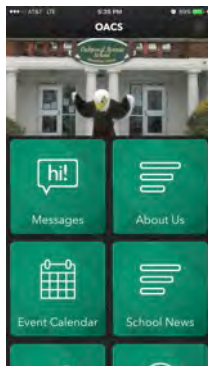

Contact Us

- Address and Phone Number
- Directions to the School – (Which can be synced to the GPS on your mobile device and provide turn by turn directions)

Notifications –

(Similar to Phone Blast – you will receive an alert right on your mobile device)

- Emergency Notifications (School closings, early dismissals)
- Reminders (1/2 days, progress reports, report cards)
- School Event reminders.

A portion of the app will be maintained and updated by OACS's MicroSociety students, under the supervision of the schools MicroSociety and Technology Coordinator, Ms. Linda Lloyd.

The "OACS" Mobile App – Everything You Need to Know in the Palms of your Hands. DOWNLOAD IT TODAY!!!

Voices in Harmony at Kids In Concert 2016

On March 11, Voices in Harmony (ViH), Orange High School's select choir, represented the Orange school district at the Education Law Center's 2016 Kids in Concert (KIC) at Long Branch High School. They performed *Home Foundation* by the group *Up With People*, as arranged by ViH director, Mr. David Milnes.

At the performance, Marlena Browne, a ViH graduating senior (**pictured left with Mr. Milnes and KIC officials**) received a \$1,000 college scholarship. Mr. Milnes was pleased with the group's performance and thrilled with Marlena's award, stating, "I am very proud of their hard work. I have a very talented squad!"

Pictured (left to right): ViH group photo and during the March 11 performance at KIC.

Cleveland Street Students Honor the May Family

Submitted by Dr. Cayce Cummins, Principal, Cleveland Street School

On March 24, at the repast for the May family members who perished tragically in a fire at their home, Dr. Cayce J. Cummins, Principal of Cleveland Street School, presented the family with a mural. It was created by students in grades K - 7, with love and sympathy, for the second grader who suffered in the blaze. The mural, *Our Hearts Memorial* was presented with the following caption:

"In Memory Of The May Family, Our Hearts Go Out To Them."

Pictured: *Our Hearts Memorial* by Cleveland Street students.

Forest Street School March Activities

Submitted by Mr. Steven Dourdis, Family Liaison, Forest Street School

The month of March was a busy time for Forest Street School, with the hosting of three events, *A Night at the Apollo* on March 3, *Family Math Night* on March 10, and *Dr. Seuss Green Eggs and Ham Breakfast* held on March 18.

Night at the Apollo Theater

To commemorate Women's and Black History Month, the students of Forest Street School hosted a *Night at the Apollo Theater* on March 3. The event included live student portrayals of significant African-American celebrities and historical figures, and included musical performances, poetry readings, and dance routines honoring Rosa Parks, Maya Angelou, Michelle Obama, Nikki Giovanni, and Misty Copeland.

Also performing was Ms. Queenella Gibson, a Forest Street parent, who is thanked for her special guest appearance and rendition of Lauryn Hill's *Killing Me Softly*.

Pictured: Scenes from *A Night at the Apollo*.

Family Math Night

On March 10, Forest Street School hosted a Family Math Night, to provide parents with methods that will enable them to help their children practice math outside the classroom. Also present were two special guests, Mr. Eric Oden from New York Life Insurance and Dr. Irving Childress, a local tax consultant serving East Orange and Orange for over 30 years, to provide parents with vital tax information and financial assistance.

The event included grade-appropriate stations, each with games, strategies, and methods to help parents understand what their child is learning and how to help them at home. Staff members volunteered to facilitate each station and offered instructions in both standard and technological mediums to give parents access to multiple resources.

Pictured: Scenes from *Family Math Night*.

Pictured: Ms. Queenella Gibson singing *Killing me Softly*.

Pictured: Brittany Craig and Jeff Dorch serving Forest Street School parents and students.

Forest Street School expresses “heartfelt gratitude and thanks” to Hat City Kitchen, Christian Piscoya, Brittany Craig, and Jeff Dorch, for their support of the event and school. Hat City Kitchen kindly donated delicious trays of jambalaya and corn bread, and facilitated the event by helping setup, serve, and clean up.

Forest Street School acknowledges Hat City Kitchen for their contributions and involvement, as the school looks to strengthen its partnership and continue working together in the future.

Mr. William Donnelly, ESL teacher, and Ms. Avril Bogle, art instructor, are also thanked for organizing and advertising the event.

Pictured: Scenes from Family Math Night.

The Family Math Night was a huge success, with community support from both Jersey Mike’s Subs and Master Pizza. They are thanked for their donations and continued support of Forest Street School.

Also thanked is Yoobi, a school and office supply company, for their generous donations of supplies such as binders, key chains, and other stationary. Yoobi has kindly donated boxes of classroom supplies to Forest Street School in support of students’ education, over the last year.

Dr. Seuss Green Eggs and Ham Breakfast

On March 18, Forest Street School hosted a student breakfast for pre-K, through second graders, to honor Dr. Seuss and to raise awareness of the wonders of reading. The event included a breakfast of green eggs and ham, a live student presentation of a Dr. Seuss book, and a special guest appearance by The Cat in the Hat! Both staff and parent volunteers helped facilitate the event by

decorating, cooking, serving, and cleaning, as students celebrated the indelible legacy of Dr. Seuss.

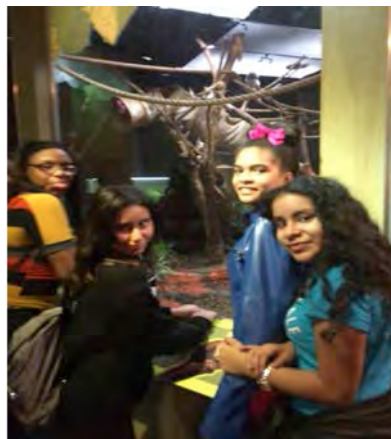

Ms. Rebecca Kenyon was responsible for planning and organizing the event and ensured that it ran smoothly. We would like to acknowledge her efforts and thank her for making the event so successful.

Pictured: Scenes from Forest Street School's Dr. Seuss Green Eggs and Ham Breakfast.

Orange Prep Academy STEM Family Night at Liberty Science Center

Submitted by Ms. Samantha Fossella, Assistant Principal, Orange Preparatory Academy

On the evening of March 16, 2016, Orange Preparatory Academy's students, families and staff visited Liberty Science Center for a STEM family event. The night was full of fun and learning for all from beginning to end. Greeted first by a giant Hoberman Sphere, the Orange Community moved from activity to activity to experience science and STEM subjects. Exhibits included the *Energy Quest*, *Eat and Be Eaten*, *Communication*, *Infection Connection*, *Our Hudson Home*, *Skyscraper!* and *Pixel Palooza*. A student and family favorite was the *Infinity Climber*, a suspended multi-story play space 35 feet above the atrium floor, the *Rock Wall Climb Challenge*, and the *Touch Tunnel*. Ms. Samantha

Fossella, Assistant Principal and the Science Department at Orange Preparatory Academy organized the STEM family night in collaboration with Ms. Stephanie Desanges, Community School Coordinator and Ms. Fatima Hubbard, Family Liaison.

Pictured: Scenes from OPA's STEM family night at Liberty Science Center.

Berry's Butterflies Art Project

Submitted by Ms. Malika Berry, School Social Worker and Advisor, Berry's Butterflies, Orange Preparatory Academy

The Berry's Butterflies, a female mentoring group hosted at Orange Preparatory Academy, participated in the art project, organized by Ms. Malika Berry, the group's advisor, and taught by her sister, Ms. Cassandra McClary. The event, held

after school on March 23 and 24, was the first of many art projects and was initiated to show creativity and collaboration. Thirty of the 43 members of the group produced close to 40 art pieces. The young women worked together and encouraged one another, being true to the motto of Berry's Butterflies, *Where A Caterpillar Becomes Her True Self*.

The artwork will be on display at Orange Prep's Literacy Night, on Thursday, April 28. The "Butterflies" will be sponsored by the PTSO that night for an art show and sale.

Pictured (above and left): Berry's Butterflies showing their artwork.

Parent Academy 2016 Cohorts, *Planting the Seeds of Knowledge*

The 2016 Parent Academy members were formally introduced on March 17, at the Board of Education Administrative Offices. The meeting, *Parent Academy, Planting the Seeds of Knowledge*, was a welcome reception, as the 2015 graduates and Parent Academy Executive Committee introduced themselves to the new cohorts. The meeting was

facilitated by Mr. Elliot Lee, Community Engagement Officer and Community School Coordinators, Mr. Barry Devone, Ms. Rachael Bland and Ms. Stephanie Desanges. Guests were Ms. Cristina Mateo, Board of Education President, Dr. Paula Howard, Deputy Superintendent, Dr. Terri Russo, Director of Curriculum, Instruction, Professional Development, and Data Assessment and school principals.

Along with introductions, there were opening remarks from Mr. Elliot Lee, the President of the Parent Academy Executive Committee, Mr. Dwight Holmes, and Ms. Cristina Mateo. Ms. Mateo commended the parents for becoming involved, stating that she has several children in the school district and knows the importance of parental engagement. Dr. Russo presented an overview of *Partnership for Assessment of Readiness for College and Careers (PARCC)* and Dr. Howard gave her perspective on the testing.

Mr. Devone discussed the upcoming workshops scheduled for the remainder of the school year, in the *Spring 2016 Course Catalog*, including *Parents as Leaders, Numbers and Nutrition* and *Raising Children in an Internet World*. A Parent Academy Graduation is tentatively scheduled for June 15.

The Parent Academy's mission is to support overall student achievement by providing families with learning opportunities and resources that will enable them to become more involved in their children's educational success.

High School's Torbotix Compete in Local Tournaments

Submitted by: Mr. Ederson Jean, Cisco teacher at Orange High School and Mr. Matthew Vigorita, Math teacher at Career and Innovation Academy of Orange

Earlier this March, Orange High School's robotics team Torbotix competed in the First Robotics Competition at Mount Olive High School. Their robot went face to face with machines from 39 high schools in the mid-Atlantic area. It had to scale obstacles, including moats and drawbridges and shoot fake boulders at a castle.

This was no easy task. The students spent weeks building and programming their technological wonder, in preparation for the event. They created a fully functional robot with limited materials, in a short amount of time. With the help of team mentors, students made sure their robot met the specifications that would allow them to compete. This required a large amount of concentration and creativity. They faced many challenges before they arrived at the competition.

FIRST Stronghold was a three-day challenge. The Torbotix team had several jobs to get done while competing. Teammates had to check and double-check that the robot would pass the inspection. They also had to check out the robots from other teams, because they had to form alliances that would help them advance to the finals. After each qualification round, the team repaired the robot's battle wounds and trained for the next round.

The students' learning experience wasn't limited to science and technology. They also furthered their education in teamwork, politics and perseverance. This will get them ready for the next battle in April.

Torbotix members are: Jethro Cadet, Riene Wilson, Nathan Rene Shockey, Jordanne Davenport, Oniel Acosta, Frandy Pena, Marc Cadet, Joy Best, Nakiyah Jones, and Valerie Barnave. The advisors are Mr. Ederson Jean (OHS) and Mr. Matthew Vigorita (CIAO).

Pictured (above): Torbotix at the First Stronghold competition at Mt. Olive High School.

Scholars Academy Celebrates Gifted and Talented Awareness Month

During the week of March 21, Scholars Academy held an Open House in celebration of Gifted and Talented Awareness Month. Families and district personnel were invited to visit the classrooms and see what students are doing. On March 22, the morning was open to district administrators and parents who visited, while 5th and 6th grade students were in attendance. Visitors included Ms. Kathy Carter, Director of English Language Arts and Testing (*pictured right*) and the district's Assistant Principals.

The range of activities was vast:

- Students in the math class were engaged in budgeting for a trip to a desired destination.
- In English Language Arts (ELA), students worked on talking points for their involvement in a community project regarding changes to the city related to Route 280 - the *Reverse Archeology Project*.
- In science class, students worked on a variety of projects including constructing an alarm.
- In STEM class, several students were creating animated or bridge projects.

Students were engaging, as they explained their activities to visitors.

Pi Day at Scholars Academy

Submitted by Mrs. Karen Machuca, Principal, Scholars Academy/Orange Early Childhood Center II

Pi Day (March 14) was a unique experience for students in the Scholars Academy program, as they were able to “Pi” Principal Karen Machuca throughout the whole week. Making math and science connections with some fundraising efforts, the students were able to buy shaving cream pies for \$1.00 and throw them at Principal Machuca. It was quite messy, but so worth it! One student actually purchased 10 pies and thought it was so cool to throw them at someone. Also, staff members were given a free pie, to join the fun.

Pi (the Principal) Day

Teachers throwing pies at the Principal!
