The *2016 Middle School Mathematics Olympics*, organized with the assistance of Dr. Erin Krupa, from MSU's College of Science and Mathematics, began with arrival and registration at MSU. The participants, Grade 6 and 7 students, representing each of the District's elementary schools, along with their coaches and chaperones then heard opening remarks from Dr. Powell (***pictured right***), regarding the day's proceedings and the Superintendent of Schools, who traveled to the campus to offer encouraging words. They also received detailed instructions by Mr. Daniel Ramirez, Supervisor of Mathematics, Grades 6-8, for the first assessment.

Pictured (left to right): Arrival, registration and Superintendent Lee at the *2016 Middle School Mathematics Olympics*.

The Mathematics Olympics involved several elimination rounds, organized by grade level. First was the *Written Round*, where teams were given an allotted time to solve several equations and record the answer on scannable sheets. The sheets were scored and teams were selected for the *Buzzer Round* where teams had to buzz-in with answers to complex word problems and mathematical equations. The final round was a *Video Round* which pitted the two top teams for each grade against each other to solve math problems presented in a video created by Math Adventure. The 6th grade finalists tackled *Prime Suspect* and the 7th grade finalists tackled *Wacky Factory*. Each team had to resolve various math related clues to solve the mystery or questions presented in the videos. This innovative format was interactive and allowed the entire audience to participate. It will be shared with each school for use in the classroom.

The day culminated with an awards presentation for the top teams, by Dr. Powell and her staff, and closing remarks by Superintendent Lee. All participants were recognized for their participation.

The 2016 Middle School Mathematics Olympics, while filled with academic rigor, was a rewarding experience for the students. They were exposed to a college campus environment, with spacious auditoriums, well equipped classrooms and lecture halls.

The following individuals and groups were instrumental in the success of the event and are thanked for their contributions and support of students:

To Bee or Not To Bee, Spelling Bee of Champions

Individual School Spelling Bee winners convened at Orange Preparatory Academy Auditorium on May 24, to compete for the district Spelling Bee of Champions. Students in grades 1 - 7 competed in two rounds; an Elementary Round for Grades 1 and 2 and an Intermediate Round for Grades 3 through 7.

The program opened with welcome remarks from the Director of English Language Arts (ELA), Ms. Kathryn Carter (*pictured left*). The students had clearly practiced and were well prepared for the contest. The judges were Mr. Ronald C. Lee, Superintendent of Schools, former Board of Education President, Mrs. Patricia A. Arthur, and parent, Mr. Brandon Jones. Dr. Erica Stewart, Principal of the Career and Innovation Academy of Orange, was the accountability official, fielding challenges from the audience. She also consulted with the ELA team to aid in the facilitation of the district-wide Bee.

The rules were read by Ms. Carter before the rounds began. The first and second grade students were very competitive and went deep into higher grade level lists. The Grade 3 to 7 students demonstrated their preparedness, also with a competitive spirit. The overall winner of the Elementary Round was second grader Jayden Moinvil. For the Intermediate Round, the overall winner was fifth grader Moise Voltaire, the second place winner was Arielle Hamilton and the third place winner was Genesis Jones.

Winners of the Spelling Bee of Champions:

Grade	Student	School
1	Jefferson Reyes	Lincoln
2	Jayden Moinvil	Park
3	Josh Mole	Park
4	Arielle Hamilton	Cleveland
5	Moise Voltaire	Cleveland
6	Miracle Obianuwe	Cleveland
7	Genesis Jones	Heywood

Students and staff are congratulated for their performance in the annual Bee. As mentioned by Superintendent Lee, when giving out the trophies, all of the students who participated are winners, having already won their school's contest.

The ELA staff includes:

- Ms. Adriana Hernandez, Supervisor of English Language Arts: Grades K-2
- Ms. Terry Jefferson, Supervisor of English Language Arts: Grades 8-12
- Ms. Rosa Lazzizzera, Supervisor of English Language Arts: Grades 6-7 and Library Media Specialists
- Ms. Amina Mateen, Supervisor of ELA Intervention
- Ms. April Stokes, Supervisor of English Language Arts: Grades 3-5

Junior Achievement Career Success Workshop

Submitted by Ms. Eileen Ninivaggi, Business teacher, Orange High School

The beautiful campus of Drew University, located in Madison, NJ, was the site for a *JA Career Success™ Workshop* for students in grades 9-11. Twenty students from Orange High School were in attendance on May 18. Orange High School was one of eight schools from New Jersey to take part in this event. The workshop was sponsored by Junior Achievement of NJ and underwritten by Accenture. Christy Tighe, JA VP for Education and Programs was the moderator.

JA Career Success™ equips students with the tools and skills required to earn and keep a job in high-growth career industries. The focus was on students understanding the importance of building the “four C’s”: Communication, collaboration, creativity, and critical thinking.

Upon arrival students were placed in groups with the students from the other schools. The agenda for the day was filled and brimming with interesting topics. After Welcoming Remarks, given by Bob Massa, SVP of Enrollment for Drew University, the day was off to a fast start. He discussed the importance of a well-rounded college education and how it relates to employment opportunities.

Guest Speaker was Mark Biedron, President, NJ Board of Education. Additional speakers were Ryan Darlington from Accenture and Jerry Wade from MetLife. Other professionals from Accenture, MetLife and New Jersey Business & Industry Association were “table coaches” for the students. All the professionals in attendance shared their career journey, which has led them to their current position.

Pictured: Scenes from the JA Career Success™ Workshop.

Ryan Darlington shared a fact from a recent survey where companies reported that 75% of college graduate new hires were let go due to the lack of soft skills (e.g., interpersonal communications skills). He also stressed that while soft skills cannot be taught in traditional methods, good habits are what strengthens a person’s soft skills. Students engaged in an activity where the focus was on how to recognize individual soft skills, which can set someone apart from others, in the interview process.

The students also had to work together to build a structure from some simple materials. They used the GRPI model; Goals, Roles and responsibilities, Processes and Interpersonal Relationship Skills (Six Sigma)

While enjoying the lunch provided, students continued to network and engaged in mock interviews with each other.

Orange Students Shine in JA BizTown

Submitted by Ms. Linda Epps, Supervisor of Social Studies and Technology Coordinators

During the month of May, all 5th grade students participated in the Junior Achievement Biztown program. JA BizTown is a standards-based 21st Century experiential learning curriculum designed for fifth and sixth grade students to learn the importance of work readiness, entrepreneurship, and financial literacy.

The program starts with 13 teacher-taught lessons and culminates with a day-long field trip to the volunteer-assisted simulated mini-city of JA BizTown. Here, students apply what they’ve learned in the classroom to “real life” as they role play in 14 different store-fronts, including a bank, credit union, radio station, city hall, and more in jobs such as CEOs, CFOs, bank tellers, medical technologist, and town mayor. In managing their businesses and acting as responsible citizens and wise consumers, JA BizTown students strive to create a successful economy.

American Young Voices Concert

Submitted by Ms. Mariel Johnson, Vocal Music Teacher, Rosa Parks Community School

On May 26, 39 Rosa Parks Community School (RPCS) chorus students represented their school and the Orange School District at the *American Young Voices Concert* at Prudential Center in Newark. The Chorus sang among 6000 other voices from the Tri-State Area. They sang a collection of music ranging from Contemporary to Classical, with hits like "Don't Stop Believin'," "You Raise Me Up" and even the "Papageno Papagena" duet from Mozart's *The Magic Flute*. "Our Kids had a blast and are looking forward to next year's concert," said Ms. Mariel Johnson, RPCS music instructor.

Oakwood Avenue Community School Art Show

Submitted by Ms. Helen Kwon, Art teacher, Oakwood Avenue Community School

On June 1, Oakwood Avenue Community School presented the Annual Spring Art Show. This year the theme was East Asia. Students from Kindergarten through 7th grades had been learning about and creating arts from countries like China, Japan and Korea.

They learned that although these countries share similar cultures, they were each distinct in their language, food and visual representations. Students were excited to explore these rich and diverse cultures as they learned to paint bamboo leaves and cherry blossoms and write Chinese calligraphy with bamboo brush and ink. Students learned to recognize the distinctive styles of these Asian arts compared to that of Western or other styles of arts around the world. Through these multicultural art lessons, students were introduced to new and different traditions around the world, examined a various ways to creating art, and came to appreciate the diversities that surround them. Art projects included Japanese Paper Lantern, Chinese Landscape, Korean Paper Fan, Japanese Food Art and Ming Vase Design.

Oakwood Avenue Community School Presents *At the Bandstand*

After families and friends enjoyed the art exhibit, facilitated by art teacher, Ms. Helen Kwon, they entered the gymnasium for *At the Bandstand*, a musical and acting treat capped off by a Rock n Roll review. Principal Robert Pettit welcomed all and promised a wonderful show.

The strings students, led by Mr. Terrence Thornhill, opened the program. He guided student Unique Chadwick in a rendition of *The Star Spangled Banner* and the Strings Ensemble played several tunes including *Can-Can*. The Clarinet Ensemble, led by Mrs. Annmarie Guenther, followed with several more tunes including a West Indies Folk song, *Mary Ann*.

Pictured: Scenes from *At the Bandstand*.

The remainder of the program involved a Grade 2 drama presentation and a Grade 6 and 7-drama presentation, led by Ms. Britt Keshner, before the finale, *A Rock n Roll Review - At the Bandstand*. The Grade 2 students were charming in their presentation of the *First Monkey* and the middle grade students gave an interpretation of *Ten Things I Hate About You*. The Chorus, led by Mrs. Guenther, was featured in the finale. It was a rousing song and dramatic presentation, supported by Pit Band members Mr. Jeffrey Guenther on guitar (Mrs. Guenther's husband), Mr. Peter Crosta on bass (former Supervisor of Visual and Performing Arts) and Mr. Peter Abazia on drums (music teacher at Orange Preparatory Academy).

1st Annual College Panel at Orange Prep Academy

Submitted by Ms. Stephanie Desanges, Community School Coordinator, Orange Preparatory Academy

On June 8, Orange Preparatory Academy held its *1st Annual College Panel*. The event was one of many different programs that took place during College Week at Orange Prep. The Panel was comprised of 5 Panelist within the District. Panelist were as follows:

- *Barry Devone, Community School Coordinator (Rosa Parks Community School)*
- *Charlene Gilliam, Administrative Assistant (Orange Preparatory Academy)*
- *Steve Dourdis, Family Liaison, (Forest Street School)*
- *Tyrel Edwards & Nehemie Etienne, (Orange High School) Seniors*

Pictured: Scenes from the 1st Annual College Panel, including panelists (center).

The event was moderated by Ms. Desanges (Community School Coordinator) and Ms. Fatima Hubbard (Family Liaison). Approximately 160 students from several different classes attended the program. Students were engaged and asked many questions as the Panelist gave first hand testimonies to their professional and personal college experiences.

The importance of attending school, the difference between colleges, universities and 2 year colleges, as well as the risks that are taken while attending college were several points that were addressed. Students received free give-aways from the team for paying attention and answering questions correctly, as well as free brochures and college gear.

Superintendent of Schools

DATE: June 7, 2016
TO: Members of School Community
FROM: Ronald C. Lee, Superintendent of Schools *z*
SUBJECT: **Community Input Requested on School Performance Reports**

The New Jersey Department of Education is asking for your input into the kind of public school information that you would like reported annually. This is your opportunity to tell the state exactly what you want to see in the School Performance Reports (formerly called the School Report Cards) to ensure that you have access to information that can help you determine the quality of your local public schools.

You are asked to spend approximately five minutes to complete the survey by way of the link below. The survey is entirely voluntary and anonymous. It will only ask for general demographic and school information so the Department of Education can ensure it is getting a representative sample from all parts of the state.

The survey can be found online at: www.snapsurveys.com/wh/s.asp?k=146435784682.

The survey is one way the Department of Education is reaching out to communities to gain further insight about how New Jersey can continually improve its public reporting about the schools. If you have any questions or comments about this topic, contact the Department of Education at ESSA@doe.state.nj.us.

Thank you for your sharing your insights and suggestions to help improve New Jersey's School Performance Reports.
