Orange Preparatory Academy Student Wins a Tablet

Submitted by Mr. Glenn M. Gamble, Investment Club Advisor, Orange Preparatory Academy

Pictured: Mr. Gamble and Investment Club winner.

After almost seven months of calculated choices and tabulations, 8th Grade Student, Miss Yaa Saponng was awarded a tablet for gaining 12.5% or \$12,480 on her stock portfolio. The tablet was awarded on Friday, June 17th during the Orange Preparatory Academy Investment Club's closeout celebration. The objective of Club members was to invest a mock \$100,000 in ten companies. Club members would meet and collaborate on Friday's afterschool, enjoy snacks and share investment strategies. Yaa's stock investment research paid off, with her investment in a cosmetic company. Yaa was the second recipient of a tablet; last year's winner was OHS 10th grader Muees Adewunmi. Students at Orange Preparatory Academy are encouraged to participate and learn about the stock market. "Join the Investment Club in the fall and maybe you too will win a tablet," said Investment Club Advisor, Mr. Glenn Gamble.

Orange High School Students Earn College Credits from Rutgers University

Submitted by, Mrs. Denise DePalma, Orange High School SHRP Coordinator and Instructor

Students Certified in Basic Life Support for Healthcare Professionals

Orange High School students enrolled in the Health Occupations and the Emergency and Clinical Care Class, had the opportunity this semester to become certified with the American Heart Association in Basic Life Support for Healthcare Professionals. As a certified instructor, Mrs. Denise DePalma, facilitated the training of the students.

Contact Information:
Orange Board of Education
451 Lincoln Avenue
Orange, NJ 07050
[Send Us An Email](#)

Following classroom instruction and demonstration, the students needed to successfully pass a standardized written test as well as a skills test. During the skills test, the students demonstrated their ability to respond quickly in an emergency and properly perform adult and infant Cardiopulmonary Resuscitation (CPR). Learning CPR for healthcare professionals will enhance the students' employability in the healthcare field, as well their ability to potentially save a life. According to the American Heart Association, more than 326,000 people in the U.S. suffer out-of-hospital cardiac arrests each year. Statistics prove that if more people knew CPR, more lives could be saved. The students enrolled in the Emergency and Clinical Care course will also be awarded two college credits from the Rutgers University, School of Health Related Professions (SHRP).

OHS Seniors Acknowledged at Rutgers Ceremony

Rutgers School of Health Related Professions held their annual recognition ceremony for graduating high school seniors on June 9, at the Campus Center in New Brunswick. Orange High School (OHS) seniors participating in the dual enrollment courses with Rutgers and OHS received certificates of recognition. In addition, two of our students, Hemwantie Kissoon and Sophie Polynice were awarded Academic Excellence Certificates. The seniors that will be receiving up to five college credits from the Rutgers SHRP are Jean Julien, Amandalie Racine, Melissa Georges, Aayla Isaacs, Sophie Polynice, and Hemwantie Kissoon. The classes instructed at OHS that offered dual enrollment with the Rutgers SHRP are Dynamics for Healthcare Professionals and Emergency and Clinical Care. In order to obtain college credit, the students needed to pass an on-line final exam facilitated by Rutgers, as well as maintain good attendance and academic excellence in the classroom. The future ambitions of these graduates are to become a Registered Nurse, a Nurse Practitioner, and a Biomedical Engineer.

Happenings at Heywood Avenue School

Submitted by Mrs. Erin Leigh Van Orden, Instrumental Music teacher, Heywood Avenue School

Mercer Foundation Program

Heywood Avenue School was selected to participate in the Mercer Foundation program during the school year. Artists were sent from NJPAC to assist students from 5 area schools to create a musical based on a student selected topic. The students selected the “King of Pop,” Michael Jackson. Each school was responsible for one part of his life’s story, and after several months of hard work, all the schools combined their individual sections to create the musical *Life Beyond the Lights*. The spectacular culminating performance was held on June 8 at NJPAC in the Victoria Theater.

Recorder Arts for Musical Pathways (R.A.M.P.)

Students in grade 3, throughout the district, learn to play the recorder, but this year there was a twist! Heywood, Forest, and Cleveland Street schools participated in the *Recorder Arts for Musical Pathways Program*. Students were taught using the “Recorder Karate” method in which they earn belts based on the difficulty of the songs they are able to play. On June 9, Heywood, along with other district schools, participated in a huge concert at NJPAC’s Prudential Hall where hundreds of students played the same song at the same time! It was a great experience that Heywood hopes to include more students in next year.

High Note Festival

Students in Heywood Avenue School's band combined with other musicians from Cleveland and Forest Street Schools for an adjudicated performance at the High Note Festival. At the festival, groups were ranked according to their performance. The combined band received an overall rating of Good. Heywood Avenue Choir also attended the festival and received a superior rating under the direction of Ms. Angela Dench. After performing and cheering for several other schools from Orange, participants spent the day at Six Flags Great Adventure!

Rosa Parks Community School PTA Carnival

Submitted by Mr. Barry Devone, Community School Coordinator, Rosa Parks Community School

On April 17, the Rosa Parks Community School PTA held its annual "PTA Carnival" for students. The entire student body was invited to participate in fun and engaging activities including the following: Bounce House, Obstacle Course with Slide, Ring Toss, Football and Baseball Toss, Basketball Free Throw and several other exciting and challenging games.

The Rosa Parks PBSIS (Positive Behavioral and Interventions and Support Service) Team also partnered with the PTA and provided two grade level prizes for students. The prizes were awarded by raffle. As the students were waiting in line to participate in an activity, teachers asked them questions related to PBSIS. If they answered correctly, the passport they were given upon entry to the carnival was hole punched and entered into a raffle. The prizes included LeapFrog Learning Tablets for Pre-K to 3rd grades and Amazon Kindles for grades 4 to 7. Students were also treated to freshly made popcorn, adding to the carnival atmosphere.

The collaboration between the PTA, PBSIS Team, Staff Members, especially the Encore Teachers and AmeriCorps Members (Inez Harrison, Family Liaison and Stephanie Lorena, Engagement Advocate) created an amazing atmosphere for students to have a fun and relaxing day after all the hard work they put into academics during the school year.

The Rosa Parks Community School Safety Patrol Visits Trenton

Submitted by Mr. Barry Devone, Community School Coordinator, Rosa Parks Community School

On June 7, the members of the Rosa Parks Community School Safety Patrol, accompanied by Ms. Parrish, Mr. Devone, and Mrs. Alexander-Taylor, embarked on a journey to the State House in Trenton, NJ. As the students arrived, they were greeted by a guide who shared the itinerary for the tour. They entered the historic building and stopped to admire the architecture in the Rotunda space. Students then proceeded to an area that held flags to represent the counties in New Jersey. They easily recognized the Essex County flag and asked questions about the sculptures located throughout the great hall. As the tour continued, they had an opportunity to visit the Governor's Reception Room and were surrounded by paintings of past governors of New Jersey. The students then toured the Assembly Chamber, Senate Chamber, and the Senate Conference Room. They learned the process of how a bill becomes a law and did some "mental" math to figure out the majority votes needed for a bill to pass the Senate or General Assembly.

Pictured: Scenes from the State House Visit.

After a quick break for lunch, the students walked to the New Jersey State Museum to learn about the history of New Jersey. This was an opportunity for the students to visit sections of the museum that focused on archaeology, cultural history, fine arts, and natural history. As the upper grade students used clues and a map to embark on a scavenger hunt to find presidents, the younger students had a plan of their own. They worked up a sweat in the hands-on Generation Fit: Steps to a Healthier Lifestyle exhibit, which taught them about nutrition and staying healthy. Both the students and chaperones thoroughly enjoyed the visit to the State House.
