

"Significant progress has been made to get the public vaccinated for COVID-19. However more work must be done to get at least 70 percent of the population vaccinated so herd immunity can occur. Offering visitors to Turtle Back free admission may be an incentive for some people who are hesitant to get vaccinated. Turtle Back Zoo is a popular family destination and getting vaccinated is the best way to protect our loved ones from contracting the virus."

Joseph N. DiVincenzo, Jr.

**Joseph N. DiVincenzo, Jr., Essex County Executive
And the Board of County Commissioners**
