

Grade 2

Lesson 1 (Asynchronous)

Today we are going to work with the number 10. We are going to think about **numbers that we can add together to make 10.**

Count the number of hearts that you see below:

How many **blue** hearts do you see?

How many **green** hearts do you see?

How many hearts are there in all?

---

Below is a **Number Bond** that we can use to show relationships among numbers. In this **number bond**, 10 is the **total** and **1 and 9 are the parts that add together to make 10.**

---

Fill in this number bond to match these hearts.

- How many in **total**?
- How many **blue hearts**?
- How many **green hearts**?

1. Add or subtract. Complete the number bond to match.

a.  $9 + 1 = \underline{\quad}$

$1 + 9 = \underline{\quad}$

$10 - 1 = \underline{\quad}$

$10 - 9 = \underline{\quad}$

b.  $4 + 6 = \underline{\quad}$

$6 + 4 = \underline{\quad}$

$10 - 6 = \underline{\quad}$

$10 - 4 = \underline{\quad}$

2. Solve.

a.  $10 + 5 = \underline{\quad}$

b.  $13 = 10 + \underline{\quad}$

c.  $10 + 8 = \underline{\quad}$

**Now complete Page 1 in your Student Workbook.**

If you do not have your workbook, you can use the following pages instead.

Name \_\_\_\_\_

Date \_\_\_\_\_

1. Add or subtract. Complete the number bond for each set.

$9 + 1 = \underline{\quad}$

$1 + 9 = \underline{\quad}$

$10 - 1 = \underline{\quad}$

$10 - 9 = \underline{\quad}$

$8 + 2 = \underline{\quad}$

$2 + 8 = \underline{\quad}$

$10 - 2 = \underline{\quad}$

$10 - 8 = \underline{\quad}$

2. Solve. Draw a number bond for each set.

$6 + 4 = \underline{\quad}$

$3 + 7 = \underline{\quad}$

$4 + 6 = \underline{\quad}$

$7 + 3 = \underline{\quad}$

$10 - 4 = \underline{\quad}$

$10 - 7 = \underline{\quad}$

$10 - 6 = \underline{\quad}$

$10 - 3 = \underline{\quad}$

3. Solve.

$10 = 7 + \underline{\quad}$

$10 = \underline{\quad} + 8$

$10 = 3 + \underline{\quad}$

$10 = \underline{\quad} + 4$

$10 = 5 + \underline{\quad}$

$10 = \underline{\quad} + 6$

$10 = 2 + \underline{\quad}$

$10 = \underline{\quad} + 1$
