**Annual Integrated Pest Management Notice
For School Year 2019 - 2020**

September 3, 2019

Dear Parent, Guardian, or Staff Member:

This notice is being distributed to comply with the New Jersey School Integrated Pest Management Act. **The Orange Township Board of Education Public Schools District** has adopted an Integrated Pest Management (IPM) Policy and has implemented an IPM Plan to comply with this law. IPM is a holistic, preventive approach to managing pests that is explained further in the school's IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for **The Orange Township Board of Education Public Schools District** is:
Name of IPM Coordinator: **Carlos Edmundo**, School Business Administrator
Business Phone number: (973) 677-4000
Business Address: 451 Lincoln Ave. Orange, N.J. 07050

The IPM Coordinator maintains the pesticide product label, and the Material Safety Data Sheet (MSDS) (when one is available), of each pesticide product that may be used on school property. The label and the MSDS are available for review by a parent, guardian, staff member, or student attending the school. Also, the IPM Coordinator is available to parents, guardians, and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan **The Orange Township Board of Education Public Schools District** may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

The following items must be included with this annual notice:

- 1) A copy of the school or school district's IPM policy.
- 2) A list of pesticides that are in use or that have been used in the past 12 months on school property.

Insect Monitors, Glue Boards, Maxforce Gel, Nightwatch Monitors for bedbugs,

This form is in the student handbook for the student, parents, guardian, and the staff members of the Orange Township Board of Education Public School District.
