### Part A

Boom says that his cubes show more.  
Do you agree?  
Why or why not?

Explain your thinking with objects, words, pictures, or numbers.

Part B

Mario thinks 32 is greater than 19. Is he correct?

Draw and write about tens and ones to explain your thinking

Explain your thinking with objects, words, pictures, or numbers.

## ANSWER KEY

Rubric Part A	
Score	Description
<b>2</b>	<p>Student response includes the following components:</p> <ul style="list-style-type: none"> <li>• Computation component = 1 point                             <ul style="list-style-type: none"> <li>○ No, Boom is incorrect</li> </ul> </li> <li>• Reasoning component = 1 point                             <ul style="list-style-type: none"> <li>○ The student shows work or properly explains how to find the correct answer.</li> </ul> </li> </ul> <p>Sample Student Response: Student writes the value of the base ten blocks under Buzz and Boom. The student writes <math>10+4=14</math> under Buzz and <math>1+1+1+1+1+1=6</math> under Boom. They then stated that Buzz has more than Boom.</p>
<b>1</b>	Student response includes 1 component from above.
<b>0</b>	Student response does not include any components from above.
Rubric Part B	
Score	Description
<b>2</b>	<p>Student response includes the following components:</p> <ul style="list-style-type: none"> <li>• Computation component = 1 point                             <ul style="list-style-type: none"> <li>○ Yes, Beth is correct</li> </ul> </li> <li>• Reasoning component = 1 point                             <ul style="list-style-type: none"> <li>○ The student shows work or properly explains how to find the correct answer.</li> </ul> </li> </ul> <p>Sample Student Response: Student draws 30 with base ten blocks and crosses out 20. The student then shows how many tens they have left as 1 ten block.</p>
<b>1</b>	Student response includes 1 component from above.
<b>0</b>	Student response does not include any components from above.
