2020

Orange School District Summer Camp

Locations:
Your home

July 6-July 30
Monday - Thursday
9:00 a.m.-3:00 p.m.

ART CAMP   Google Classroom

Session I * July 6-July 16   **Grades 3-5 8:30-10:00**
                                        Grades 6-8 10:15-11:45

Session II * July 20–July 30   **Grades 3-5 8:30-10:00**
                                        Grades 6-8 10:15-11:45

Overview: Come channel your creative juices and embrace your artistic side. Try great arts and crafts ideas and experiences. Learn a new handcraft or get messy with paints online. Your creative side will love exploring the many ways to express yourself. A Virtual Art Show will be held on
July 30.

APP CREATION   Google Classroom
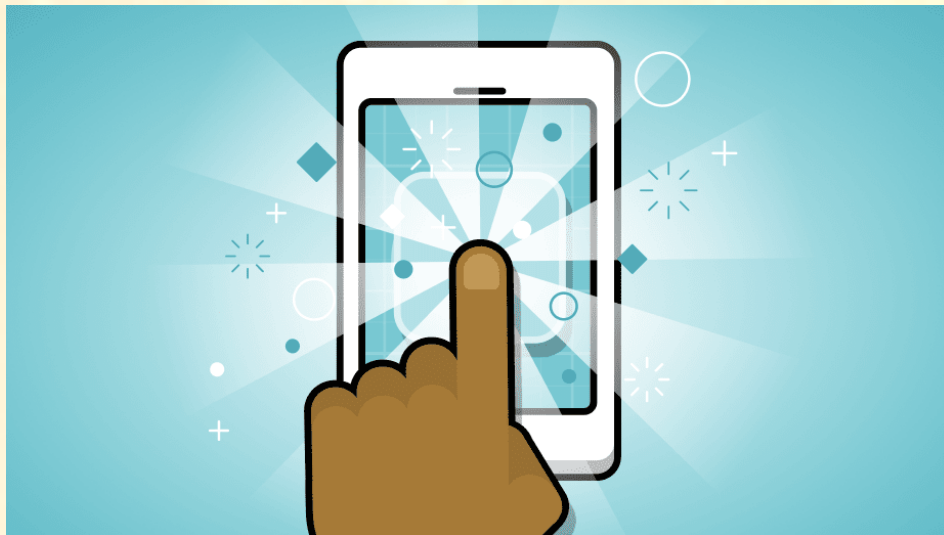

Session I * July 6-July 16   **Grades 6-8 8:30-10:00**
                              Grades 3-5 10:15-11:45

Session II * July 20–July 30   **Grades 6-8 8:30-10:00**
                              Grades 3-5 10:15-11:45

Overview: Do you like learning how to apply new apps to learning and life? This session will provide you time to become an Apptistic expert.   You will explore apps and create how to tutorials that can be used by your teachers and classmates.

BABYSITTING CERTIFICATION   ONLINE

Session I * July 6-July 30   **Hours can be done at any time.**

Overview: This is a Red Cross Babysitting Certification course for students who are at least eleven (11) years old. It is a 4 hour program with an end-of-course assessment needed for certification.

CODING   Google Classroom

Session I * July 6-July 16   Grades 3-5 8:30-10:00
                                      Grades 6-8 10:15-11:45

Session II * July 20–July 30   Grades 3-5 8:30-10:00
                                      Grades 6-8 10:15-11:45

Overview: At this camp, students will use critical thinking skills to build codes through games, creating their own codes.

DEBATE   Google Classroom

Session I * July 6-July 16   **Grades 3-5 12:15- 1:45**
                                       Grades 6-8 1:45-3:00

Session II * July 20–July 30   **Grades 3-5 1:45-3:00**
                                       Grades 6-8 12:15-1:45

Overview: Do you like to argue? The Policy Debate Camp for elementary and middle school students teaches students the key processes of effective debate such as case construction, composing briefs, research, rebuttals, cross-fire, evidence analysis, and summary and final focus. Debate students leave the academic camp with the knowledge, skills, and practical experience needed to excel in life.

The Great Debaters

ENTREPRENEURSHIP — Google Classroom

Session I * July 6-July 16   **Grades 3-5 1:45-3:00**
                        Grades 6-8 12:15-1:45

Session II * July 20–July 30   **Grades 3-5 1:45-3:00**
                        Grades 6-8 12:15-1:45

Overview: Led by business and accounting students and a teacher advisor, elementary school students will review data about a fictional town, and develop a plan to establish a new business based on this data. Students will consider what products or services are already being offered and identify opportunities for a new business, keeping their individual talents in mind. On August 1, the students will present their plans to a panel of local business owners.

GLOBAL PEN PALS   Google Classroom

Session I * July 6-July 16   Grades 6-8 8:30-10:00
Grades 3-5 10:15-11:45

Session II * July 20–July 30   Grades 6-8 8:30-10:00
Grades 3-5 10:15-11:45

Overview: Learning is better together!! Do you like meeting new kids from different places and learning about their lifestyle? Join friendly, secure places to meet new national and international friends.

GOOGLE AND BEYOND   Google Classroom

Session I * July 6-July 16   **Grades 6-8 8:30-10:00**
                                     Grades 3-5 10:15-11:45

Session II * July 20–July 30   **Grades 6-8 8:30-10:00**
                                     Grades 3-5 10:15-11:45

Overview: Ready to travel to far away places? Come and join us as we journey around the world. Visit the medieval cities, alpine villages and Mediterranean beaches of France, tour the numerous lakes, villages and the high peaks of the Alps in Switzerland, get to know the abundant wildlife of the National Parks of Uganda, or a place on your wish list to see. Let's have an adventure!!!

        We will "Google Explore" the cultures, art, and food of the many places we visit. We will meet new people and explore new ideas. Let Google Earth be our guide as we travel around the world and then culminate by creating a digital Google Tour presentation documenting our journeys.

OPS ON THE AIR   Google Classroom

Session I * July 6-July 16   **Grades 6-8 8:30-10:00**
                                      Grades 3-5 10:15-11:45
                                      Grades 3-5 12:15- 1:45
                                      Grades 6-8 1:45-3:00

Session II * July 20–July 30   **Grades 6-8 8:30-10:00**
                                      Grades 3-5 10:15-11:45
                                      Grades 3-5 1:45-3:00
                                      Grades 6-8 12:15-1:45

Overview: Get creative this summer and become a producer/director of your very own podcast! We are going to learn how to create and edit our very own podcast series. A podcast is a topic-specific digital stream of audio files that can be downloaded to a computer or a wide variety of media devices. They are funny, entertaining, educational, often short, and rarely boring. They can cover news, current events, history, or anything you are interested in.

PHOTO EDITING   Google Classroom

Session I * July 6-July 16   **Grades 6-8 8:30-10:00**
Grades 3-5 10:15-11:45
Grades 3-5 12:15- 1:45
Grades 6-8 1:45-3:00

Session II * July 20–July 30   **Grades 6-8 8:30-10:00**
Grades 3-5 10:15-11:45
Grades 3-5 1:45-3:00
Grades 6-8 12:15-1:45

Overview: Explore manipulating and enhancing digital images beyond what you can do on Instagram. This session will explore basic apps to easily resize images and add basic effects to industry standard programs used by professional photographers.

PLANNING AN ADVENTURE   Google Classroom

Session I * July 6-July 16   **Grades 6-8 8:30-10:00**
                                        Grades 3-5 10:15-11:45

Session II * July 20–July 30   **Grades 6-8 8:30-10:00**
                                        Grades 3-5 10:15-11:45

Overview: Students will understand the difference between Virtual Reality and Augmented Reality and how they can be used for learning. Students will also learn how coding and programming can be used to support everyday real-world activities.

TECH SKILL BOOSTER PLUS   Google Classroom

Session I * July 6-July 16   **Grades 6-8 8:30-10:00**
                                        Grades 3-5 10:15-11:45

Session II * July 20–July 30   **Grades 6-8 8:30-10:00**
                                          Grades 3-5 10:15-11:45

The Digital Vision Board (1.5hr): You can create digital versions of vision boards using the tools of your choice. Adobe Spark, Canva, PosterMyWall, Google Slides, Google Drawings.

Podcasting=iPod + Broadcast (1.5hr): educational podcast- an audio file or digital recording used to complete an educational goal or objective. Students will create podcasts from...research (storyboards) to the microphone incorporating the four c's of 21st century learning: critical thinking, creativity, communication, and collaboration.

WONDER AND EXPLORE   Google Classroom

Session I * July 6-July 16   **Grades 3-5 8:30-10:00**
Grades 6-8 10:15-11:45
Grades 6-8 12:15- 1:45
Grades 3-5 1:45-3:00

Session II * July 20–July 30   **Grades 3-5 8:30-10:00**
Grades 6-8 10:15-11:45
Grades 6-8 1:45-3:00
Grades 3-5 12:15-1:45

Overview: Have you ever wondered why ants travel in a line or how astronauts are able to live for months in space? How is it possible that there will be more plastic in the ocean than fish by the year 2050? Students will wonder and explore various topics, complete basic research and create web-based products to share their learning. Some of the technology tools that they will use include VR glasses, Google Earth, FlipGrid, Google Sites and other Google tools.
