

# DIGITAL MEDIA & FILMMAKING

C.T.E. Department

# Intro to Digital Media

---

- This course is designed to educate students on the ever-changing digital world of visual effects. Students will learn about the fundamentals of storytelling, camera movements, storyboarding, visual effects using blue/green screen backdrop in our T.V. Studio. Students will be shooting T.V. commercials, Advertisements, Public Service Announcements, Interviews, and more.
- 

## Digital Media

- *Students will learn about the post-production stage of Filmmaking. The course will cover the creative process and appreciation of artistic expression through video editing, sound editing, animation, and visual effect techniques. Students will be using standard industry software (Adobe Premier, Davinci Resolve, and Stop Motion Movie App). During the end of the course they will create an online portfolio using the online program Pathbrite.*

# Filmmaking

- Students in this program will develop a broad knowledge of the history of film, T.V. and New Media. The course also includes the development of critical thinking necessary to create compelling stories, through advanced script writing, story structure, and character development.
- They will also master various roles of production as a Producer, Director, Gaffer, A.D., Production Assistant, Editor, Director of Photography and Boom Operator.
