PROGRAM OVERVIEW

NJROTC

OUR MISSION

Helping Today's Youth Meet Life's Challenges

Our program mission is to instill in our students the values of citizenship, service to the United States, personal responsibility and a sense of accomplishment.

What does the NJROTC program do?

- Promotes Patriotism
- Develops informed and responsible citizens
- Develops respect for constructed authority
- Develops leadership potential
- Promotes high school completion
- Promotes higher education
- Promotes community service
- Develops a high degree of personal honor, self-reliance, individual discipline and leadership
- Promotes an understanding of the basic elements and need for national security
- Provides information on the military services as a possible career
- Provides an alternative to gangs
- Provides incentive to live healthy and drug free

ORANGE HIGH SCHOOL

NAVAL SCIENCE 1 and 2

Naval Science 1 (NS1) will introduce students to the meaning of citizenship, the elements of leadership, and the value of scholarship in attaining life goals; promote an awareness of the importance of a healthy lifestyle, including physical fitness, a proper diet, and controlling stress and provide drug awareness; provide the principles of health and first aid, geography and survival skills and an overview of Naval ships and aircraft. These elements are pursued at the fundamental level. Naval Science 2 builds on the general introduction to further develop leadership traits.

COURSE CONTENT

- Introduction to the NJROTC Program
- The NJROTC Uniform
- Introduction to Military Drill & Ceremonies
- Introduction to Leadership
- Introduction to Fitness and First Aid
- Introduction to the U. S. Navy

ORANGE HIGH SCHOOL

Naval Science 3 (NS3) will broaden the understanding of students in operative principle of military leadership, the concept and significance of teamwork, the intrinsic value of good order and discipline in the accomplishment of objectives, and the importance of sea power and national security. Students gain a more in-depth knowledge of Naval ships and aircraft and an introduction to marine navigation and seamanship.

COURSE CONTENT

- Ongoing instruction in Leadership
- Citizenship and Discipline
- Sea Power and National Security

NAVAL SCIENCE 3

ORANGE HIGH SCHOOL

NAVAL SCIENCE 4

Naval Science 4 (NS4) will focus primarily on practical leadership techniques and implementation. The intent is to assist seniors in understanding leadership and improving their leadership skills by putting them in positions of leadership, under supervision, then helping them analyze the reasons for their varying degrees of success throughout the year. Classroom activities include seminars, reading assignments, classroom presentations, and practical work with junior Cadets. Seniors are mentored/guided in their preparation for life after high school to include college preparation, scholarship applications, and the variety of choices that are available to them.

COURSE CONTENT

- Theoretical and applied aspects of leadership and performance
- Techniques used to create motivation, develop goals and activities for a work group, and the proper ways to set a leadership example
- Vocational/technical informal guidance, coaching in selection of follow-on education and pursuit of available scholarships, and mentoring in establishing long-range life goals
