**DR. YANCISCA COOKE**  
**PRINCIPAL**

As I began preparing for our promotional ceremonies I have experienced such mixed emotions. Although this is a happy time and we are here to celebrate you and your transition to the next chapter, the selfish me is not ready for you to go! It is my hope that you will cherish every memory good and bad as there were lessons in both. Embrace every conversation and words of wisdom as they will be your guide when you need it most. I take comfort in knowing that our Forest Family has worked diligently to prepare you for your journey and we are confident that you are ready! I pray that my daily reminder to "Make Good Choices" has taken root and will be how you govern yourself! Although it is difficult for me to release my "Shining Stars" to now take your place in this beautiful galaxy please know that we will ALWAYS be here for you and I love you dearly!

**MRS. NYREE DELGADO**  
**VICE PRINCIPAL**

I am so proud of you. This class has persevered through some of the most challenging times we have experienced in academia. I want you to take what you have learned from your experiences at Forest and use them throughout your educational journey. You can do anything you set your heart and mind to do. You have a Forest family that is cheering for you every step of the way. You have left your mark and we will never forget what you have given us. All I can hope and believe is that you will never forget the love and high expectations we have tried to instill every day. I am honored to have shared this space in time with you all.....the sky is definitely not the limit.

Best of luck!!

# MEMORIES FROM **2021 - 2022**

# REMEMBER WHEN.....

Jake used to laugh which made all of us laugh even more.

When Leo would have to keep walking into the room because he would always slide across the room.

When we were at the Gala and all the boys got together for one last photo.

Me and Teni went on El Toro and we passed out nearly six times.

Everyone spoke about their crushes and everyone was laughing having a good time.

Jatniel couldn't stop talking.

Ms. Walker told me to sit in front during the 7th grade meeting and I asked where the front was. Everyone laughed. Lol!

Alex couldn't stay awake in class.

I walked into the Gala and the room lit up with people yelling and screaming over the fact Aman Messiah didn't have a hoodie on and was actually dressed nicely for once.

Leo fell in Ms. Walker class and got up by the time he hit the ground.

On El Toro, I finally screamed on a ride because I thought my neck was going to fall off.

I sat next to Zayden and panicked on the Dark Knight. He tried to calm me down but it didn't work.

Chloe would eat chips for breakfast every morning.

We pranked Ms. Walker into thinking no one brought their Chromebooks to school on April Fools Day.

There was one equation where Ashley and I got " $m=9$ " and Chloe got a decimal.

Chloe would fall asleep in math class.

When Esther broke the desk on day of the moving up ceremony.

Jake would randomly say "weeeeeee".

At the Gala when six girls stormed the boys bathroom to get to Arazi.

Nathan said "he was the GOAT" and screeched "Baaaaa".

We used to do riddles during homeroom.
