January 13, 2023

Good afternoon Parents, Guardians, and Staff members,

Our district applied for and was selected to participate in the Department of Health's, "At-Home" COVID Testing Kit Program.

This program is being provided at **no cost** to the district, students, parents, and staff members.

- Everyone qualifies to participate regardless of whether you have insurance. Insurance is not required, and your insurance company will not be contacted.
- The "At-Home" Testing Kit Program does not replace the current in-school testing program. Students and staff members can participate in both programs.
- **Each month, NJDOH/DOE has authorized selected school districts the opportunity to offer COVID testing kits with 2 tests to each student and staff member.**
- **Parents/Guardians/Staff members just have to complete one of the forms below by the 15th of each month in order to receive a testing kit (with 2 tests) per month. (There are forms in English, Spanish, and Haitian Creole). However, just in January, this month, the form can be submitted by Wednesday, January 18.**
- **The kits are expected to be distributed to your child to bring home by the end of the month, but you have to complete one of the forms below by the 15th in order to be included on the list for that month.**
- **The forms will also be on the school's website.**
- The letters attached (in English, Spanish, and Haitian Creole) provide a good explanation of the program.
- For information regarding the district's COVID-19 Program, please visit:
www.orange.k12.nj.us/COVIDResources

Please complete one of these forms by the 15th of each month to receive a free COVID testing kit (with 2 tests).

There is an extension for January - the form has to be submitted by Wednesday, January 18.
