Genesis Parent/Student Portal

The Orange School District supports access by parents/guardians, teachers, students and administrators to informational resources that will improve participation in a child's education and improve communication between students, parents/guardians and the student's teachers.

The Orange School District manages student information electronically and will make the student education records available for viewing only to authorized parents/guardians and students with a secure connection over the Internet. All parents/guardians and students will comply with the Internet use regulations and all technology regulations/procedures, as well as all other District policies that may apply.

A) Rights and Responsibilities

This service is offered to all current and active parents/guardians of students in the Orange School System. Access to student information from the Internet is a privilege, not a right. Only after a family has enrolled their child(ren) in the Orange School System will a parent/guardian be authorized to access the web account. Once a student withdraws or graduates from the Orange District their access will be inactivated. Parents/guardians, students, and staff must understand and practice proper and ethical use.

B) Information Accuracy Responsibilities

Information accuracy is the joint responsibility between schools, parents/guardians, and students. Each school will make every attempt to ensure information is accurate and complete. If a parent/guardian discovers any inaccurate information, parent/guardian will notify their school immediately and provide proof of the inaccurate information.

If a parent/guardian cannot visit the school, the parent/guardian must have the form certified by a notary public and mail the completed and signed form with the notary public seal and current date to their child's school. The school will keep the completed and signed form in the cumulative record folder of each student.
