Dear Colleagues,

It is now mandatory that all personnel be educated about certain health conditions. Please view the attached PowerPoint Presentation and sign below, indicating completion.

Purpose

- To comply with D.O.E. health services policy and procedural requirement 6A:16-2.1
- To assist staff in the recognizing of medical emergencies as it relates to asthma, diabetes, seizure disorder, and anaphylaxis.
- To obtain rapid medical response to the student who has a medical emergency.
- To remind staff to refer to the general first aid guidelines provided each year by the school nurse in collaboration with the school physician.
- To remind staff of the AED (Automated External Defibrillator) location Nurse's Office

I have viewed the educational presentation on diabetes, epilepsy, anaphylaxis and asthma.
