April 7, 2020

Good Evening Orange Township Public School District Community,

Thank you for your continued support and all that you have done as our District has shifted into distance learning.

This afternoon, Tuesday, April 7, 2020, Governor Phil Murphy has ordered the closure of all NJ schools indefinitely. While we initially anticipated the tentative reopening of schools in our district on April 20 (this was based on previous updates from the Governor’s office) all schools will continue to operate virtually until further notice.

We will proceed with our distance learning instructional plan and keep you abreast through our communication platforms via the district website as well as our social media handles regarding any academic or operational updates.

As we head into Spring Break, we are hopeful that staff, families, and students are able to receive some respite and return refreshed mentally and emotionally as we continue with distance learning on Monday, April 20, 2020.

It is encouraged that you continue to visit our district COVID-19 Resources tab on the district website www.orange.k12.nj.us. for additional resources for families on mental health resources as well as updates on self-care for students, families, and staff.

Reminder: Spring Break Schedule

April 10, 2020: Schools and District Closed in Observance of Good Friday
April 13 through April 17, 2020: Schools and District Closed Due to Spring Break

Again, thank you for your continued flexibility and cooperation during this unprecedented time. We are in this together.

Educationally yours,

Gerald Fitzhugh, II, Ed.D.

Gerald Fitzhugh, II, Ed.D.

Instructional Planning: Extended Learning Pages

It is important for parents and students accessing our various sites across schools, teachers, grade levels, departments, and content areas to have consistency in the process as well as the overall quality of the instructional experience. The ‘typical’ process for navigating to a teacher’s emergency page should be as follows:

Visit the school website -- Faculty -- (Select the teacher) – Extended Learning tab (or content is located directly on teacher’s homepage)

Roles and Responsibilities of Parents

Roles and Responsibilities – Parents

It is important for parents and students accessing our various virtual learning sites across schools, teachers, grade levels, departments, and content areas to have consistency in the process. The process for navigating to a teacher’s emergency Extended Learning page (for at-home instruction) is as follows:

Visit the school website -- Faculty -- (select the teacher) – Extended Learning tab (or content is located directly on teacher’s homepage).

Support your child in their learning process by:

- Monitoring OPS updates sent via phone blasts, Class Dojo, Remind, Google Classroom, district website, etc.
- Checking in with your child daily about the At-Home/Virtual Learning tasks, activities, and assessments that they are working on
- Encouraging adherence and attendance in the At-Home/Virtual Learning check-in times offered by each of your children’s teachers
- Designating a place and time where your child will work independently on his/her assigned tasks
- Asking your child to provide a brief summary of the learning he/she is engaging in for each class to ensure their understanding of the content
- Asking your child about their deadlines and supporting them, as needed, in submitting assignments in accordance with the established deadlines
- Helping your child manage logs to document progress on assignments and lessons
- Reminding your child to contact/email his/her teachers if they have any questions
- Remaining in communication with your child’s teacher(s) via email, Class Dojo, Remind, etc.

CPT Agendas
Instructional Delivery: Schedules (Middle School/High School)

Effective April 20, 2020, the district will begin implementation of a Rotating Schedule for students in all grades. On Day 1, students Learn...On Day 2, students Do. This approach lessens the student load in a given day/week while allowing students to acquire the instructional minutes needed to engage with the same quality and caliber of content. This also allows the school to track attendance through the daily interaction with the Turn In feature in Google Classrooms:

On **DAY 1, “LEARN” DAY:**
The teacher provides the students with the expectations, instructional resources, related readings, videos, instruction, etc. On Day 1, students engage with the instructional content and familiarize themselves with it. The actual assignment can and should be assigned on Day 1 to give students the option for early completion. By 11:59pm (same day), students click TURN IN to acknowledge what is being asked.

On **DAY 2, “DO” DAY:**
This is the formal submission day of the actual assignment. By 11:59pm (same day), students click TURN IN to submit what is being asked. Teachers, in their Google Classrooms for this day, simply reiterate what has been assigned.

Note: Teachers do not need to "expand" Day 1 assignments. They are simply allowing the students the time to engage with the materials and to ensure understanding. Teachers, if necessary, can generate guiding questions for student reflection.

**Note:** Assignments MUST be posted by 9:00am of each day.

Effective April 20, 2020, the district will begin implementation of a Rotating Schedule for students in all grades. See sample schedule below. This approach lessens the student load in a given day/week while allowing students to acquire the instructional minutes needed to engage with the same quality and caliber of content. It also allows for a project-based learning approach in the Special Subject classes. In the schedule below, assignments are issued as denoted, on the days denoted.

**Note: Specials Subjects**

- Do Days denote the issuing and submission of assignments in two parts (Part 1 provides the first part of the assignment while Part 2 reflects the conclusion of the assignment)
- Each Do Day Assignment combines 2 days of instructional minutes (Ex: Art is either 20 minutes (Grades PreK – K) or 30 minutes (Grades 1-12) in length). See page 17
- Office Hours are still to be maintained daily

SYNCHRONOUS VS ASYNCHRONOUS LEARNING (live link)
https://www.youtube.com/watch?v=nNuYcAHVALM&t=29s

The Orange Public Schools engages students is a combination of Synchronous and Asynchronous Learning.

What is Synchronous Learning?
Synchronous learning is the kind of learning that happens in real time. This means that the class and the instructor interact in a specific virtual place, through a specific online medium, at a specific time. Methods of synchronous online learning include video conferencing, teleconferencing, live chatting, and live-streaming lectures.

Portals Commonly Used:
- Google Meet
- Zoom

What is Asynchronous Learning?
Asynchronous learning happens on the student’s schedule. The instructor provides materials for reading, lectures for viewing, assignments for completing, and exams for evaluation, giving the student the ability to access and satisfy these requirements within a flexible time frame and submit responses through the same portal. Methods of asynchronous online learning include self-guided lesson modules, streaming video content, virtual libraries, posted lecture notes, and exchanges across discussion boards or social media platforms.

Portals Commonly Used:
- Class Dojo
- Google Classroom
- ScreenCastify
- SeeSaw
- FlipGrid
- Clever

It is important for teachers to use discretion in the use of all online portals used for the instructional delivery of content. Please report any abuses, breeches, an inappropriate use/access to Rodney West WestRodn@orange.k12.nj.us or Linda Moses Epps at MoseLin@orange.k12.nj.us.
Instructional Delivery: Student Attendance

Attendance is taken and recorded in Genesis daily based upon participation in the virtual learning environment and interactions with teachers. All teachers are to record student attendance using Genesis for all classes as students login to complete daily assignments. Teachers should mark a student’s attendance based on his/her attempt to complete the assigned work by 10 a.m. the following school day, as this allows students ample opportunity to complete assignments and receive credit.

If a student fails to complete an assignment by 10 a.m. the following school day, the student is to be marked absent and the classroom teacher or paraprofessional should continue to reach out to parents using one of the approved platforms; Class Dojo, Remind, SchoolWires, email or a phone call to inquire about the status of the assignment. For all phone calls, a call log should be retained in Genesis.

As there are multiple ways to capture student attendance using Genesis, we recommend using the following steps: Genesis>Gradebook>Class Attendance

Instructional Delivery: Grading

Teachers are responsible for grading work and entering grades into Genesis either as Classwork, Tests, Quizzes, or Authentic Assessments (for longer-term projects). Grading of assignments/ assessments is to be entered regularly in Genesis. Feedback is provided to students through Google Classroom, Class Dojo, and/or Remind.

Grading will remain the same for Marking Period 4.

Assessment: Monitoring Student Progress

Assigned classwork should be used to monitor student progress. Teachers should also monitor students’ progress in interactive online learning environments such as iReady, iRead, Readorium, Khan Academy, etc.) to assess students’ progress and to tailor individualized instruction. Formative and Summative Assessment will continue in all content areas.

New Jersey Cancels Statewide Student Assessments

Given the continued threat of the Novel Coronavirus (COVID-19) to our school communities and the resulting school closures, Governor Phil Murphy today announced that the State of New Jersey is cancelling all statewide student assessments for the spring 2020 testing window. This includes the springtime administration of the New Jersey Student Learning Assessments (NJSLA), ACCESS for ELLs, and the Dynamic Learning Maps (DLM) assessment.

The U.S. Department of Education (USDE) has notified states that it will grant a waiver to any state that is unable to assess its students due to the COVID-19 pandemic, providing relief from federally mandated testing, accountability, and reporting requirements for this school year. With students unable to attend school due to the COVID-19-related closures, it is not feasible to move forward with statewide testing. As such, the New Jersey Department of Education (NJDOE) has applied for the waiver and the USDE has granted approval of the waiver. Therefore, New Jersey will not be required to administer a statewide assessment for federal accountability purposes.

We acknowledge that cancelling statewide assessments will impact various aspects of education, including educator evaluations and certification, and school and district accountability. We recognize educators, students, and families will have questions. We are working to mitigate any unintended consequences, and we will work through multiple channels to keep stakeholders fully informed of updated guidance and other changes.

Graduation Options
Cancellation of statewide assessments will not prevent students from meeting their graduation assessment requirements.

The NJDOE continues to process portfolio appeals for the small percentage of current seniors who have not yet met their graduation assessment requirement.

The NJDOE will make the NJSLA available in the summer or fall for current high school freshman, sophomores, and juniors (and middle school students taking high-school level courses) who may want to use the NJSLA high school assessments to meet their graduation assessment requirements.

Current juniors and sophomores also have access to the menu of alternate assessments (the SAT, etc.) and the portfolio appeal process as pathways to complete their graduation assessment requirement. These students are not required to take the NJSLA to access the menu of alternate assessments or the portfolio appeal process.

Refer to the NJDOE’s COVID-19 webpage for more information on these and other issues as it becomes available.
Assessment: Advanced Placement (AP)

AP Testing

For the 2019–20 exam administration only, students will be able to take a 45-minute online free-response exam at home. Educator-led development committees are currently selecting the exam questions that will be administered.

To be fair to all students, some of whom have lost more instructional time than others, the exam will only include topics and skills most AP teachers and students have already covered in class by early March.

- Students will be able to take these streamlined exams on any device they have access to: computer, tablet, or smartphone. Taking a photo of handwritten work will also be an option.
- College Board recognizes that the digital divide could prevent some students from participating. Working with partners, College Board will invest so that these students have the tools and connectivity they need to review AP content online and take the exam. If your students need mobile tools or connectivity, you can reach out to College Board directly and let them know through this link to a form. (https://collegeboard.tfaforms.net/74)

- The exams will be secure. College Board is using a variety of digital security tools, including plagiarism detection software.
- Exam information can be found here: https://apcentral.collegeboard.org/

AP Program Instructional Support

Students and schools will have access to free, live AP review lessons, delivered by AP teachers from across the country. The lessons will focus on reviewing the skills and concepts from the first 75% of the course. There will also be some supplementary lessons including topics from the final 25% of the course. Within AP Classroom, free-response questions that were only available for in-classroom use due to security concerns will now be unlocked. Teachers will be able to assign questions to students digitally.

The Benefits of AP
High school students across the country and around the world take AP courses and exams to challenge themselves, explore their interests, and earn college credit and placement.

Exam Dates

Most AP teachers and students we surveyed prefer to test earlier, while the content is still fresh.

- Exams will be given May 11-22.
- Makeup test dates will be available for each subject from June 1-5.
- Students can take exams at home or in schools, if they reopen.
- Each subject’s exam will be taken on the same day at the same time, worldwide.
- View the full testing schedule. Embedded in this link are course-specific exam information.

Remind your students about exam dates and times for their courses.
Exam Format

Most exams will have one or two free-response questions, and each question will be timed separately. Students will need to write and submit responses within the allotted time for each question.

- Students will be able to take exams on any device they have access to – Chromebook computer, tablet or smartphone. They’ll be able to type and upload their responses or write responses by hand and submit a photo via their cell phones.
- For most subjects, the exam will be 45 minutes long, plus an additional 5 minutes for uploading. Students will need to access the online testing system 30 minutes early to get set up.
- Certain courses (ex: Computer Science Principles) will use portfolio submissions and will not have a separate online exam. All deadlines for submissions have been extended to May 26, 2020, 11:59 p.m. ET. Teachers and students may receive separate course-specific communications.
- Students taking world language and culture exams will complete two spoken tasks consistent with free-response questions 3 and 4 on the current AP Exam. Additional details will be provided in the coming weeks to help students prepare.

Exam Security

Like many college-level exams, this year’s AP Exams will be open book/open note. The exam format and questions are being designed specifically for an at-home administration, so points will not be earned from content that can be found in textbooks or online. However, students taking the exams may not consult with any other individuals during the testing period.

At minimum, test takers should understand that those attempting to gain an unfair advantage will either be blocked from testing or their AP scores will be canceled, and their high school will be notified as will colleges or other organizations to which the student has already sent any College Board scores.

Additional information about security measures.

Remote Instruction and Practice

Live AP review courses April 6-10 at designated times (Previous lessons are still posted for viewing)

- **AP Calculus AB** (2-2:45 p.m.)
- **AP Calculus BC** (9-9:45 a.m.)
- **AP English Literature** (12-12:45 p.m.)
- **AP U.S. History** (11-11:45 a.m.)
- **AP Computer Science A** (4-4:45 p.m.)
- **AP English Language** (3-3:45 p.m.)
- **AP French Language** (6-6:45 p.m.)
- **AP World History: Modern** (6-6:45 p.m.)
- **AP Spanish Language** (3-3:45 pm)

In addition to sharing information about these classes with students, teachers who are providing remote instruction can use AP Classroom for most subjects. We have now unlocked secure free response questions in AP Classroom so teachers can digitally assign relevant practice questions students can take at home. Additional tips for helping your students practice are available.

Breakfast and Lunch Programs

Breakfast and Lunch Services

The Orange Township Public School District continues to provide packaged ‘Grab-and-Go’ breakfast and lunch, effective Monday, March 30, 2020 at no cost to families, at multiple locations for pick up. The selected locations are:

- OECC (includes students from Cleveland Street School), located 397 Park Avenue
- Scholars Academy, located at 268 Capuchin Way
- Forest Street School, located 651 Forest Street
- Heywood Avenue School, located at 421 Heywood Avenue
- Lincoln Avenue School, 216 Lincoln Avenue
- Oakwood Avenue School, located at 135 Oakwood Avenue
- Park Avenue School, located at 231 Park Avenue
- Rosa Parks Community School, located at 369 Main Street

Serving times for BOTH breakfast and lunch are organized by last name:

- A-F: 7:30am – 8:00am
- G-L: 8:00am – 8:30am
- M-R: 8:30am – 9:00am
- S-Z: 9:00am – 9:30am

Please be reminded of the importance of social distancing when reporting to all locations. It is important to note, once students receive their breakfast/lunch grab and go bags it is the expectation to return to their respective homes.

*** Orange High School, Newcomers, and Orange Preparatory Academy were condensed as of Friday, March 27th due to the lack of participation at those sites.
Device Support and Deployment

Device Support, Deployment, & Connectivity

For those who responded via the parent survey, sent out on Thursday, March 12th and Friday, March 13th (assessing at-home access to tablets/devices, desktop computers, Chromebooks, and laptops) and indicating need, we will have developed device sign out forms and procedures ready at the child’s home school. Parents sign them out using a valid Government ID. Technology coordinators were included in the distribution process. Chromebook sign out is only for students in grades K – 12.

The distribution times for all district schools: 9:00 AM-11:00 AM and 1:15 PM to 3:15 PM. Scholars and Orange Early Childhood Center (OECC) have assignments that do not require technology integration therefore there was no need for sign out at those two locations.

Additional dissemination of Chromebooks via kiosks occurred throughout the month of March. March 27th (OHS), March 30th (Lincoln), and March 31st (OHS). April 9th, kiosk added at Lincoln for dissemination of Chromebooks to remaining students in need.

Connectivity
The following companies have shared support via WiFi/Internet during the pandemic; information was shared via phone blast, website, as well as our social media handles (Facebook, Twitter, and Instagram): Comcast and Spectrum. Information was given in the Virtual Instructional Learning Plan given to all students as well on March 16th. The schools and administration have continued to push Comcast as this is the provider for Orange Township. We are setting up another Internet Connectivity survey the Week of April 6th. Schools have provided information through Class Dojo, Remind, and phone conversations with families. We are excited to see the updates.

Self-Care

The following were tips for students that we posted and provided to families:

- Keep a schedule—wake up at the same time everyday
- Have meals at the same time everyday
- Share kindness with friends on social media platforms; continue interactions as this time can be deemed as lonely
- Relax: Listen to music, write poetry, draw, read, talk to friends and family

Google Classroom's facilitates paperless communication between teachers and students and streamlines educational workflow. Classroom allows teachers to create classes, post assignments, organize folders, and view work in real-time.

Zoom users can choose to record sessions, collaborate on projects, and share or annotate on one another's screens, all with one easy-to-use platform. Zoom offers quality video, audio, and a wireless screen-sharing performance across Windows, Mac, Linux, iOS, Android, Blackberry, Zoom Rooms, and H. Best for Grades 5 – 12

Google Hangouts Meet is a video conferencing app. It is the business-oriented version of Google's Hangouts platform and is suitable for businesses of all sizes. The solution enables users to make video calls with up to 30 users per high-definition video meeting.

Flipgrid is a website that allows teachers to create "grids" to facilitate video discussions. Each grid is like a message board where teachers can pose questions, called "topics," and their students can post video responses that appear in a tiled grid display.

Seesaw is a platform for student engagement that inspires students of all ages to do their best, and saves teachers time! Students use creative tools to take pictures, draw, record videos and more to capture learning in a portfolio. Teachers find or create activities to share with students. Best for Grades K – 5

Screencastify is a Chrome browser extension that records your screen, face, voice, and more. To use Screencastify, find its icon in the Chrome toolbar and choose among the recording options: record a single tab in your web browser, capture all screen activity, or use your webcam to record or insert a video of yourself.

Class Dojo is a school communication platform that teachers, students, and families use every day to build close-knit communities by sharing what's being learned in the classroom home through photos, videos, and messages.

Twitter is a 'microblogging' system that allows you to send and receive short posts called tweets. Tweets can be up to 140 characters long and can include links to relevant websites and resources. Twitter users follow other users. If you follow someone you can see their tweets in your Twitter 'timeline'.
